Exercise 18

Model answer

Dear Billy

How are you? I hope you are well. You asked me to tell you about the technology I use in my life, so here you are!

In my classroom, we have a smart board – it's good because we can play games on the board. We used to have a white board before.

Another thing we use at school is digital books, and sometimes we use our mobile phones!

Now, you tell me what technology you use.
