Possible answers:

You don't have any assessment or exams, so you don't know if you are making progress. You don't see friends at school.

I would not like to be home-schooled because I like having a routine and I like receiving feedback from teachers at school so I know how I am doing. I also like seeing my friends at school.

Sample answer:

Dear Sir or Madam,

I am writing to apply for the sports scholarship advertised on your website.

I believe I would be perfect for this scholarship for the following reasons. Firstly, I have been playing tennis since I was five and have reached a very high standard. I now compete for England, and regularly play in international tournaments. At my last school, we won the World Schools' Cup.

I always make sure I don't fall behind with my studies and have always achieved high grades in my school subjects, especially science and maths. I would be very grateful for the opportunity to study and train at Millfield, and I am sure that I could make a really positive contribution to your school.

Please consider my application, and I look forward to hearing back from you soon.

Yours faithfully,

Oscar Newman
